PROFILE

I am a Front End Developer with experience in technology and User Experience Design. During my Diploma, I acquired hands-on experience using professional tools like GitHub, VSCode, and NPM. I developed proficiency in HTML, CSS, and JavaScript, enabling me to create interactive, responsive, and dynamic websites, including those built with React.js and AI. I communicate effectively with both technical and non-technical team members. My objective is to leverage my skills to produce captivating and user-friendly websites.

WORK EXPERIENCE
